Parent Workshop

improving your child's digital wellbeing

CHILDREN AND YOUNG PEOPLE ARE SPENDING MORE TIME ONLINE THAN EVER BEFORE. BUT WHAT RISKS ARE THEY BEING FACED WITH? AND WHAT IS THE IMPACT ON THEIR WELLBEING?

This **practical, informal, and non-judgemental** workshop will help parents, grandparents and carers explore the relationship between social media, electronic devices, and their child's wellbeing. It will equip them with the tools they need to help their children thrive by becoming **digitally resilient**.

The workshop will be delivered by Dr Deborah Webster, founder of Thrive Academy and an expert in child and adolescent digital wellbeing and resilience.
